Work Started On The New Wharf

Work was started yesterday on the new dock to be built by the Stikine Mining Company on the old McKinnon wharf site. The new dock will have a water frontage of two hundred feet, and will be built against the Columbia & Northern dock and extend towards the St. Michael Dock, leaving sixty-five feet between the new dock and the St. Michael dock so that small boats will be able to get to the float the same as at present. The dock will have an approach about six hundred feet long, and will leave Front Street between the Thanhouser Saloon and the Wrangell Bakery, the old building setting on the site which was formerly used as the OWI Restaurant, will be moved back and used for an office. Olaf Otterson has the contract to drive the piling and is busy at same using the Alaska Packers big driver.

It is expected that the dock will be rushed to completion so as to be in first class condition by spring. A track has also been built out over the old dock for trucking out lumber and necessities to the face of the dock.

A good show at the Rink tomorrow night.

Submarine Sinks A Big Italian Liner

According to the Juneau papers of yesterday, the great Italian liner Ancon carrying 422 persons and a crew of 160, was sunk yesterday by an Austrian submarine. It is known that four Americans were aboard the vessel. The government official at Washington are very excited about the news and it may lead to bad consequences.

S. I. Silverman Buys Grant Home Here

Mr. S. I. Silverman, manager of the Stikine Mining Company, the first of the week closed a deal with W. D. Grant for his home here. This is one of the finest homes in the city and Mr. Silverman shows his belief in the future of our town by investing in a home here. Mr. Silverman expects to be accompanied back from his present trip to Seattle by Mrs. Silverman, and then they will take up their residence in their new home. Mr. Grant reserved a hundred foot front of the land on Church Street and in the spring will build another home there.

Big Liners To Call Here All Winter

It was rumored about the first of the week that hereafter the large Western boats of the Alaska Steamship Company would not call in Wrangell this winter, and in answer to the question, local agent Leo McCormack stated that the Alameda and Northwestern would make this a regular port of call all winter. The next sailing of the large boats is the Alameda Nov. 17 and then the Northwestern Nov. 30. The next boat of the line will be the Dolphin due here Nov. 17, and this will be the last trip of the Dolphin for a few months as she will be taken off and overhauled.

Admiral Watson Is Raised From Seattle Harbor

Seattle, Nov. 10—The Admiral Watson which was sunk in Seattle Harbor by the freighter Parisado, was raised and towed to the Seattle Construction & Dry Dock yards, yesterday morning. The vessel will be repaired and placed on the Alaska run again.

A good show at the Wrangell Photo Show tonight.

To Hold A Salvation Army Congress Here

Staff Capt. Robert Smith, District Officer here for the Salvation Army, announces that Commissioner and Mrs. Sowton are to visit Wrangell to conduct the first Salvation Army Congress in Alaska. They will arrive in Wrangell on Tuesday November 30th, and remain until Thursday December 2nd. The Native Salvationists from the different corps in southeastern Alaska are expected to take part in the Congress.

Commissioner Charles Sowton has been an Officer for thirty-two years during which time he has held almost every Field position in the Army. His first foreign appointment was the Territorial Leadership of Norway, which had only been open nine months; then followed the Territorial Leadership of Denmark; the Chief Secretaryship of Sweden; the oversight of the Scandinavian work in the United States, a Second term as Territorial Commander in Denmark, where the Army had, of course, greatly grown; the Chief Secretaryship in Canada; and the Chief Secretaryship of India and Ceylon. His present command, is, Commissioner for Western Canada, Alaska and the Yukon, commencing at Port Arthur on the Great Lakes and running through to the Pacific.

Showing Good At The Basin Mine

Bert McKay was in from the mine in Groundhog Basin last Tuesday and report that Manager J. G. Galvin is rushing the work at the mine and that they expect to strike the big ledge within a few days. Three crews are at work and they have cut through one ledge already which is important enough that it is a mine in itself, but the big body of ore is expected to be cut into shortly and then we can look for some big announcements from the men who are backing the proposition.

Ole Johnson came in this afternoon from the Groundhog Basin Mine and reports that things are looking the best that they have since work was started early in the fall, he also reports that that Manager Galvin will be in tomorrow.

The announcement that the government has decided to rent quarters rather than build to replace the office destroyed by the fire, is a disappointment to the people of Valdez, as it was hoped that the government would erect a building on the former site of the postoffice which would house both the offices of the Alaska Road Commission and the postoffice.

J. J. McTague Shows Up All Right

J. J. McTague who was reported lost in last weeks Sentinel was found last Friday night, safe and sound, on the shore of Mitkof Island. He was found by a searching party on board the Glenora, Mrs. McTague being aboard the boat.

It seems that McTague after leaving Petersburg ran on to the flats bending the shore of the Helen so that it was impossible to start the engine, and was forced to lay at anchor until he was picked up. Mac had plenty of grub aboard and came back little the worse of his experience.

Meeting Held In Honor Of Native

At the home of Barney Kake, in Petersburg, on Monday evening, a meeting was held in memory of Mrs. Sadie Enouye, who died on December 7 of last year. Besides relatives and friends of deceased residing in Petersburg and vicinity, the Kake Band was in attendance, by special invitation, and rendered musical selections appropriate to the occasion. Following the meeting, a reception was given the band members by the Petersburg natives.

Boat Found Belonging To Missing Men

Commissioner Walker, of the Bureau of Fisheries, who has been directing the search for the missing Frances R., party at Ketchikan returned on the Jefferson and reports that the small boat has been found by one of the searching parties.

It was found upturned on the bank of one of Chickamen river sloughs, about two miles from where the Frances R., was found ashore. On the opposite bank of the slough, a little farther down, were found washed up at high tide line, three oars, one of the seat boards, a safety match box and Sandy Clark's hat. It is very probable that the boat was capsized not very far from that place, and drifted ashore with these things.

There are about thirty men on the grounds, searching the woods and dragging the slough for further traces of the men. The gasboats Skaketch, Creel, El Paso, Installer, Reliance, Dawn and Sky Pilot are all still up there searching.

Rev. H. P. Corser will be in Wrangell for next Sunday services at the St. Philips Church. The morning and evening services will be interesting to all Wrangellites and everyone is cordially invited to attend.

FISHER'S BLEND FLOUR

Better than the Best

WITHOUT our knowledge, the Columbus Laboratories of Chicago tested FISHER'S BLEND FLOUR for a Dakota Wheat Grower. The analysis ranked FISHER'S BLEND FLOUR higher in General Average, Gluten Quality, Water Absorption and Loaf Value than the best Dakota all-Hard Wheat Patent Flour, which is the recognized standard for bread-stuff efficiency. FISHER'S BLEND FLOUR is a scientific combination of Eastern Hard Wheat and Western Soft Wheat, preserving the best qualities of each. It costs you from 20 to 25% less than a straight Eastern Hard Wheat Flour—does

Some Interesting Facts About Any Town

Every town has one store where the loafers congregate to regulate the universe.

Every town has a postoffice and a lot of folks who call for mail every day and don't any.

Every town has a horrible example. He gets drunk, won't work, but his wife supports him and loves him with a dog-like fidelity no decent man can ever hope to receive.

Every town has its own skinflint who discounts notes, buys up land, dresses like a tramp and won't get his wife a stove.

Every town has a bad boy that all parents hold in horror and all boys love.

Every town has its champion liar who lies for practice when he can't find anything else to lie about.

Every town has its vicious tongued woman who makes trouble as the sparks fly upward.

Every town has its village atheist.

Every town has its arguer who will challenge any statement you may make and prove it's not so.

Every town has its loud-mouth citizen who can't talk without making a noise like a megaphone.

Every town has its leading citizen who heads every committee and always has a seat on the platform when there is anything going on.

Every town has its nice, speakeasy creature, who tries to be popular with everybody and whom nobody likes.

Every town has its grouch-face, who is unfailing confident the worst is yet to come.

Every town has its good women that everybody likes, an its honest men whose word is as good as his bond.

Every town has its group of men who knows that the town is morally the worst in the state.

Every town has a man who never wears a collar and a dude who pastes down his hair and sports a pink striped shirt.

Every town carries its own peculiar type of religious crank.

Every town has its own particular brand of big fool.

Every town has men that know all about the European war and the government at Washington, but don't know how to make a dollar a day

Every town has men and women who hate the place and are always wishing they had lived somewhere else

In other words, every town is as chock full of human nature as in every other town.

A good show at the Photoshow tonight.

Ed. Smith and Wife of Klawack, came in on the Uncle Dan yesterday.

John Fanning, the taxidermist man, came in from his fur ranch yesterday.

Kent Talmage returned on the Dan from a hunting trip to the West Coast.

Charlie Darwell and Capt. Youngmarker came in today from Vixon Inlet.

Arnt Sorset returned on the Jefferson this afternoon from a trip to Juneau.

Dolly Gray, the well known soft drink man of Juneau, was in town for a few days the first of the week.

Capt. Parrot came in from the ranch on Farm Island last Saturday and will spend the winter here.

Mrs. Choquette and son Fred, left on the Jefferson this afternoon for Ketchikan where they will visit for the next two weeks.

Miss Bessie Wilkinson, teacher at the Garnet Ledge, came in from that place Saturday and spent Sunday in town.

The Alaska Native Brotherhood society held a social or neck tie sale party at the St. Philips Gymnasium last Tuesday evening.

Arnt Sorset is in Juneau this week, having left for Petersburg on the Karen last week, where he caught the Admiral Evans for Juneau.

The first fall of snow at Wrangell this year came last Tuesday morning. The fall was light, yet it makes us think that winter is really here.

Heinie Dannenberg, German Capitalist, arrived in on the Uncle Dan yesterday, after spending two months cruising about the West Coast in his private yacht "Charm". Mr. Dannenberg has his yacht interned at Calder, where it will probably stay for the winter.

Mrs. N. P. Fortney and son, who, for the past three weeks have been trying to get up the river to Telegraph and then owing to the bad weather have been forced to give it up, left on the Jefferson for Juneau where they will stay until navigation on the river opens next spring.

"Tess of the Storm" the first of the big pictures to be shown at the Photoshow was on the program last Saturday and Sunday night. The picture is probably the best ever shown in the town. The next of the big pictures will be the Squaw Man which is on Saturday and Sunday.

Orchestra Will Give Dance On Thanksgiving

A big dance has been announced by the Wrangell Orchestra, to take place on the 25th of this month, Thanksgiving Night, at the Rink. And from all accounts, they all say, "that know about music," that one BIG time is to be expected. So lets get together and make this one of the big events of the season.

Yours, Wrangell Orchestra.

Northern Lights Will Be Bright This Month

Wrangellites will witness this month, providing the weather is favorable, the most brilliant Northern Lights, the Aurora Borealis, that have been visible for many years. In speaking of this the Chicago Blade says,

"Just at present, the earth is approaching the period of maximum auroral activity, centering sometime in 1916, such a period covering about eleven years; so, from now on, until next year, the Northern Lights will increase both in frequency and brightness. For some unknown reason the aurora especially favors the months of March and October, or April and November; therefore the time now at hand is unusually favorable for such displays.

Notice To Taxpayers

Notice is hereby given that the Municipal Tax Roll of the Town of Wrangell Alaska, for the year 1915, is now in my possession, and that the said tax is now due.

The said taxes may be paid and the amounts due will be received at my office, on Front Street, Wrangell, Alaska, on and after the date of this notice.

All Municipal Taxes for the Year 1915 that are unpaid on December 27th of the said year become then delinquent, and thereafter a penalty of five per cent will be added.

Given under my hand and seal this 2nd day of November 1915.

Some Fur News From Shuberts

"Every woman is a lover of Furs," says A. B. Shubert, President of A. B. SHUBERT, INC., Chicago, U. S. A., the largest House in the World dealing exclusively American Raw Furs. Their love of Furs demanded that all garments for women's wear be with Fur. The garment makers said, "This Fall we will trim all ready to wear garments with embroidery." The wearer of the garments said, "Nix on embroidery, we want Fur trimming and they got it. The result was, everything the lady wore from shoes to hat, with the exception of her nightie, is trimmed with Fur. That is what cleaned out the cold storage Raw Furs and depleted the stocks in the hands of the Raw Fur dealers, the dressed Fur dealers, the manufacturers and retail merchants. It was a case of "See America First" if you to sell your goods and brought to light the fact that we could get along without Europe if we had to, and still Market the collection of American Raw Furs, a thing every mother's son of us, a year ago, thought an impossibility. Mr. Shubert says, "You can't keep a squirrel on the ground nor can you keep the price of American Raw Furs down so long as women want them."

Manager L. Schott, of the local A. P. A. cannery, with his family are spending the winter in California and is taking in all the sights at the Fair. In speaking of San Francisco Day, Nov. 1st., Mr. Schott says, "Was out to the Fair yesterday, San Francisco Day, no doubt it was the largest crowd of people that ever was together at onetime west of the Rockies.
